ABOUT

I am a software developer with about 3 years of experience. I mostly work to create, develop and improve Web applications. I also have strong skills in SQL, Linux and Docker. I took an active role in microservice projects using Agile methodology. I'm passionate about developing projects, improving them, and solving problems with efficient and reliable code.

SKILLS

- Java, Spring, Hibernate, Maven
- Python, Django, OOP,
- SQL, Agile
- Git, Github, Bitbucket
